

ENVIRONMENTAL POLICY STATEMENT

Textile Cleaning Solutions Ltd is committed to ensuring continued compliance with all relevant environmental legislation, regulations, codes of practices to which we subscribe.

Objectives will be set to improve all areas where there could be an impact on the environment from our business activities, these objectives will be monitored during board meetings and annual management review meetings.

We will also consider possible environmental impacts when selecting raw materials, packaging and products for procurement and supply, in addition to those used or provided during the facilitation of cleaning textiles and restoring damage caused by various types of peril, accidental damage, fire and smoke, flood and storm water and escape of water in domestic and commercial premises.

Likewise we will promote the minimisation of waste throughout all of our business activities through better utilisation of raw material, whilst disposing of unavoidable waste in a responsible manner.

All persons directly and in-directly employed have a responsibility to help meet the requirements of this policy and training will be given as identified appropriate to achieve this, as well as for a recognition of commitment towards assisting the joint companies with the continuous improvement of the environmental elements of our integrated management systems.

Whilst making this policy known via being displayed at various locations within our premises, we will also make it available to our clients, suppliers and other interested parties on request.

Signed: Mark Mullane

Position: Managing Director
